

### JSOCMS PIANO CAMP

Come explore the world of music through piano study and movie themes. Our goal is to provide musical exposure and expertise to aspiring musicians of all ages while developing their theory, technique, aural awareness, critical thinking skills, and ensemble playing using movie themes.

#### Camera Crew: Early Beginners, Ages 5-7

Explore musical elements through activities organized around a movie theme. Activities include stories, singing games, listening, rhythms, note reading, and beginning piano preparatory skills. Designed for the student who is not currently in a systematic music program or who has had less than 1 year of lessons.

#### Production Crew: Beginners, Grades 1-4

Come polish and perfect your piano skills! Reinforce basic music concepts including sight reading, rhythms, music history, listening, and theory. Play pop movie themes in a piano ensemble. Students must have completed 1-2 years of formal piano study.

#### Serious Stuntmen: Early Intermediates, Grades 4-7

Expand your enjoyment of artistry at the piano. Learn new practice skills, sight reading, theory, and rhythms through movie themes. Explore music making in a fun ensemble setting. Students must have completed 2-3 years of formal piano study.

#### Actors' Guild: Intermediates, Grades 6-9

We will continue to build upon your musical foundation, reinforcing such skills as sight reading, rhythms, ear training, theory, and music history through the use of movie themes. Explore performance anxiety and learn to gain confidence while performing. Students must have completed 3-4 years of formal piano study.

#### Producers: Advanced Students Ensemble Grades 8-12 or Adults

This ensemble is for the serious piano student who has had 4 or more years of formal study. We will focus on ensemble works that feature 2 pianos, 4 hands or more.
