Founded in 1949, the JSO has flourished for nearly 70 years. From the concert hall to school classrooms and beyond, the JSO delivers programs and activities that enrich life in Jackson County and beyond. Employers understand that quality of life is important to attract and retain a dynamic workforce. In this era of declining government and foundation funding, the JSO is especially grateful to its local partners and the vital role they play in maintaining a strong financial base for the orchestra's programs.
